

## HARRIS COLEMAN IS HIGHLY HONORED Stanford Boy Elected Captain of University of Virginia Foot- ball Team For 1915

News was received from Charlottesville, Va., that Harris Coleman, son of Mr. and Mrs. C. R. Coleman, of Stanford, has attained the very highest honor possible in athletics and school life at that big institution of learning. He has been elected Captain of the 1915 football team. Next year is young Coleman's last at the university, and it is gratifying to his many friends "back home" to know that he stands as high in his studies as he does in athletic events, which is "going some." Coleman has played on the football team two years, and has made a great reputation. The I. J. printed last week, an extract from a paper which told of his fine work in several games. The following from a Richmond, Va., paper tells of his work in the big Virginia-North Carolina game which is the big event of the year; and goes to show that his winning of the Captaincy of his team is entirely deserved:

In dispensing the laurels leaves, one is forced to remember three members of the Virginia team, above all the rest—Captain Mayer, "Bobby" Gouch and Coleman, the sturdy guard.

In addition to his splendid work in advancing the ball he played a brilliant game on the defensive. His tackling was almost faultless. The way he caught Winston by the arms and brought him to earth, following the Carolinians' long end run in second period, was worth the price of admission to the game.

Coleman was easily the best lineman on the field. His work was brilliant. He played more like an end than a guard. His tackling in the open was hard to improve upon. The Carolina forwards simply could not handle him. No man on the Virginia team got as many knocks as the youngest Kentuckian. His interfering was all that could be desired. Frequently he went around and pulled down the runner from behind—always fighting, though at times groggy.

## Three Candidates For Judge?

Interesting developments are looked for in the races in the Thirtieth judicial district, already at white heat, as it is said that Judge Sam Oslev, of Stanford, former Commonwealth's Attorney, will very likely enter the race for the Democratic nomination for Prosecutor, making it a three-handed affair, the others being Judge E. V. Puryear, of Danville, the incumbent Prosecutor and Rodman W. Keenon, of Harrodsburg. There is also some talk that there may be a third aspirant for Circuit Judge, the contest for the party nomination for which is so far made up with Judge Charles A. Hardin, of Harrodsburg, the present occupant of the bench, and Judge C. C. Fox, of Danville, as the contenders.—Louisville Times.

## The Great War—Is It Armageddon?

What is the meaning of this cataclysm of the nations? Is it the wreck of civilization? Is it the long-expected Armageddon of Biblical prophecy? Yesterday, so to speak, the world was a neighborhood; today it is a slaughter-house, a cemetery. Today there is turmoil and jamme, hatred, ruin, and a mutual desire to kill. Does it mean nothing to this race but the changing of a few rulers and the making of new boundary lines?

Over twenty-five hundred years ago the prophet Daniel told of a time that would come when the call to war would ring out to the nations and that they would respond to the cry as we see today when more men are under arms than at any one time in the world's history, notwithstanding all the efforts of the peace societies and the cry of peace and safety that certain religious teachers have been setting forth for a number of years. They have wanted wars to cease, and have declared that they would cease. God has recorded their declarations; and then they have declared that God's record of their declaration in this matter was God's own declaration to the human race of what he purposed to be. This declaration from Isaiah they have thus interpreted: "And He (God) shall judge among the nations, and shall rebuke many people, and they shall beat their swords into plow shares and their spears into pruning-hooks; nation shall not lift up sword against nation, neither shall they learn war any more. Isaiah 2:4"

It is essential that we know who is saying this. These verses immediately preceding the one quoted reads: "And many people shall go and say, Come ye and let us go up to the mountain of the Lord, to the house of the God of Jacob; and he will teach us his ways, and we will walk in his paths; for out of Zion shall go forth the law, and the word of the Lord from Jerusalem." And he shall plant the seas in the glorious holy mountain; yet he shall come to his end and none shall help him. And at that time shall Michael stand up, the great prince which standeth for the children of thy people; and there shall be a great time of trouble, such as never was since there was a nation even to that same time, etc." Daniel 11:14 to Daniel 12:2.

These texts denote the driving of the Turk out of Europe, and until he comes to his final end as told us by John, the Revelator in Revelations 16:12-16, under the sixth plague, (as that is the only time plague we have given us in regard to the drying up of the great river, Euphrates or the Turkish Empire) no one knows just how long a time will elapse from the time of the Turk leaving Europe and the final great battle of Armageddon, but we know it will not be long for we know that no battle will be fought after that for there will be no one left to fight again, for under the sixth plague when all the nations are gathered at Armageddon the Lord, Himself will appear in the clouds of heaven. "And when shall all the tribes of the earth mourn when they shall see the Son of Man coming in the clouds of heaven with power and great glory." Matt. 24:30.

For over sixty years Seventh Day Adventists have been preaching and telling the world of these great events and that the world would come to its end in this generation and when we see all these things coming to pass we know the coming of the Lord draweth near. The event that will take place from now on will be rapid ones of which I will relate at another time—Harry Jacobs, Stanford, Ky.

The Danville Advocate says that B. C. Berry, a well known democrat of that city, is being urged to run for governor.

like herds of cattle driven to the slaughter. Surely there was no peace but sudden and terrible destruction. Is this Armageddon? From a careful study of the scriptures and the prophecies on this question I will say that this great war is not Armageddon; but since Turkey has decided to enter into this fray, there is every possibility that this terrible war of fourteen nations of this world now engaged in this war is leading straight on to Armageddon. While Turkey kept out and the war was confined to Europe, Armageddon did not seem so near. Armageddon is located in Palestine about sixty miles north of Jerusalem, and that is to be the gathering place of the hosts of the nations in the last mighty battles of this world. Here is the prophecy of that great event.

"Proclaim ye this among the nations; prepare war; stir up the mighty men; let all the men of war draw near; let them come up. . . . Let the nations bestir themselves, and come up to the valley of Jehoshaphat; for there will I sit to judge all the nations round about. . . . Multitudes, multitudes in the valley of decision for the day of Jehovah is near in the valley of decision." Joel 3:9-14. The meaning of Jehoshaphat is, Jehovah does justice.

The reason for the gathering of the nations at Armageddon seems plain when we consider the logical results of Turkey's entrance into this war. The time has come for Turkey to be driven out of Europe and the Sick Man of the East to come to his end. In the past England, France and the other nations have sustained Turkey but in this case Germany is the only nation that is with her but God has said a time would come when Turkey, or the King of the North, would be driven out of Europe and that time has arrived according to the prophecy of Daniel. "But tidings out of the east and north shall trouble him; there shall he be destroyed and utterly make of his palace between the seas in the glorious holy mountain; yet he shall come to his end and none shall help him. And at that time shall Michael stand up, the great prince which standeth for the children of thy people; and there shall be a great time of trouble, such as never was since there was a nation even to that same time, etc." Daniel 11:14 to Daniel 12:2.

## CHRISTMAS SAVINGS CHECKS Are Being Sent Out To Club Members By Lincoln Bank

Over 400 people are being made happy this week by the receipt of checks from the Lincoln County National Bank of their part of the Christmas Savings Club money, which has been accumulating all year. Assistant Cashier Welch Rochester has been busy for the past two or three days making out and signing the beautiful checks which will go to every one who had the thrift to set aside the small amount necessary each week to become one of the club members. The checks range in value all the way from \$12.50 to \$63.75 according to the class which the individual may have joined and according to the amount paid in weekly.

The checks coming right at the time when every person is wondering where he will be able to get enough money to buy all of the Christmas presents he wishes to give, will be a boon to the Christmas shoppers. The issuing of these checks will mean not only crowded stores and happy Christmas awakenings but also that many persons who never before could start a saving fund will now deposit their checks in their bank so as to have something towards a rainy day. Any of the local merchants will be glad to cash any of these checks.

Next year's club opens Monday, December 21, at which time new members will be permitted to join. This club has taught many people to save small amounts who, without its aid, were accustomed to look forward to Christmas with apprehension that they would be unable to purchase presents for all the friends they wished to remember. It has also aided many in buying "that home" which for many years had been looked at with envy.

Many memberships are kept up by husbands for their wives as a present and by many wives to present to their husbands.

## LATEST WAR NEWS

The British naval victory in the South Atlantic is being discussed in England almost to the exclusion of all other phases of the war news. The last word regarding the naval engagement was that the British squadron, after sinking the German cruisers Scharnhorst, Gneisenau and Leipzig, with the loss of nearly 2,000 men, was pursuing the fleeing Dresden and Nürnberg, the other two vessels present when the action opened. The Nürnberg was also sunk and the search for the Dresden is continuing.

The British squadron was under command of Vice Admiral Sir Frederick Sturdee, chief of the war staff, and it engaged a German squadron under Admiral Count Von Spee, off the Falkland Islands in the South Atlantic.

The armored cruiser Scharnhorst and Gneisenau and the protected cruiser Leipzig, three of the German warships which had been menacing British shipping and part of the squadron which sank the British cruisers Good Hope and Monmouth in the Pacific on November 1, were destroyed, while the cruisers Dresden and Nürnberg, the two other vessels which composed the German squadron, made off during the fight. Two colliers were captured.

The official statement makes reference to some survivors rescued from the Gneisenau and the Leipzig, but no mention is made of any of the crew of the Scharnhorst, which was the flag-ship of the German Admiral, being saved, and it is thus presumed that Count Von Spee, his officers and men went down fighting.

Chief Deputy Letcher Saunders, of the Internal Revenue office at Danville, was admitted to the bar last week.

## GIVE A BOOK TO PUBLIC LIBRARY

Woman's Club Asks Everyone To  
Make the Library a Christmas  
Present of a Volume

Splendid reports were heard at the meeting of the Woman's Club on Wednesday, this week, of the results of the first few weeks of the free public library, which was opened under the auspices of the Club. With the library open but once a week, and that Sunday afternoons, the librarian, Miss Mattie Paxton, is kept constantly busy recording books taken out by a stream of visitors. Men, women and children are among the patrons of the library and it has been pronounced by a number of leading citizens as the best thing for Stanford that has been inaugurated in a long while.

The members of the Woman's Club are justly proud of its success, and are anxious to have it continue. They find that there are calls for a great many books, which are not in the library, and are desirous of remedying this as quickly as possible.

A plan was suggested by the president at this week's meeting that every citizen of Stanford make a Christmas present to the library of one volume. This suggestion met with the hearty approval of the members, and a cordial invitation and request is made of all who have the good of the community at heart, to remember the library when they purchase their Christmas gifts.

The library books are all neatly and systematically catalogued in the club rooms in the courthouse, and all are invited to call and inspect it. A visit on Saturday afternoons will disclose the interest that is being taken and the good that is being accomplished.

## JOE MURPHY'S FINE RECORD

Former Lincoln Horseman Gets the  
Blues in Western Rings

The Farmers' Home Journal last week told of the splendid success that Joe P. Murphy, formerly of Lincoln, is having in the west with his string of horses. It said:

J. H. Murphy, of McKinney, Texas, has just returned from Shreveport, where he was very successful. He showed at Decatur, Ft. Worth and Dallas, Texas, and Shreveport, La., making ninety-one shows in all, winning eight-six ribbons, only out of the money five times at the four shows. He took Garrard Chief with him although he had quit showing him. Mr. Scott Isbell, of Bowling, Green, Ky., who judged at Dallas, said that he had no idea there was a horse living like Garrard Chief 1835. His get has won more ribbons and money than the get of any other sire in the Southwest. He is the sire of Garrard Hunt, the undefeated two-year of Missouri, that won the trophy at Sedalia, Mo. He is owned by Miss Lula Long, of Kansas City, Mo.

He also had in his string two daughters of Bohemian King, viz., Bohemia, five years old, and Bohemian Silk, owned by Mr. Fred Cameron, of McKinney. She is a chestnut, three years old, and was the best winner he had. She won the five gaited class at Ft. Worth for mare or gelding any age and the championship at Shreveport. The only time a three-year-old has ever done this, "Garrard Hunt" the undefeated brother to Chief, won his classes everywhere shown, and promises to be as good as his full brother.

He also showed Pauline Chieftain, a very fine mare in head and neck. He only showed her in three-gaited classes. She was sired by King Chieftain, and is a full sister to Satsuma Chieftain, that, won the futurity at Lexington in 1912.

The German Kaiser is down with pneumonia and his condition is said to be critical.
